ACKNOWLEDGEMENT OF GUESTS

Tori C. Billings is interested in purchasing the home located at 107 South Main Street. She is aware that there are structural problems under the house due to the drainage issues. There is an old sidewalk on the side yard which may be the cause of water being routed toward the back of the home. She wanted to know if the Town was planning to replace the old sidewalk in the near future. The Board suggested that she bring the matter before the Planning Commission along with any documentation from a structural engineer and/or building inspector. That documentation could then be forwarded to a State of Tennessee engineer.
